

Recently the www.kswraps.org website has been reconstructed. With the reconstruction, the Watershed Management Section has decided to revitalize the WRAPS Partnership Program. WRAPS Partners are organizations who are interested in Kansas water quality and are willing to further the goals and objectives of the WRAPS Program. Partners will be notified of WRAPS Work Group meetings, agendas, and meeting minutes. If you wish to become a WRAPS Partner, please review and sign the new Terms of Agreement (please see attached), as well as sending a signed copy to the Kansas Dept. of Health & Environment. For those wishing to become a WRAPS Partner, their agreement will be brought before the WRAPS Work Group for review and a Certificate of Partnership will be sent. You will also need to register your organization's information on the KSWRAPS.org website (please see below for directions.) If you have questions, please contact Travis Sieve at (785) 296-0051 or tsieve@kdheks.gov.

Please feel free to pass this email on to any interested parties.

Thank you

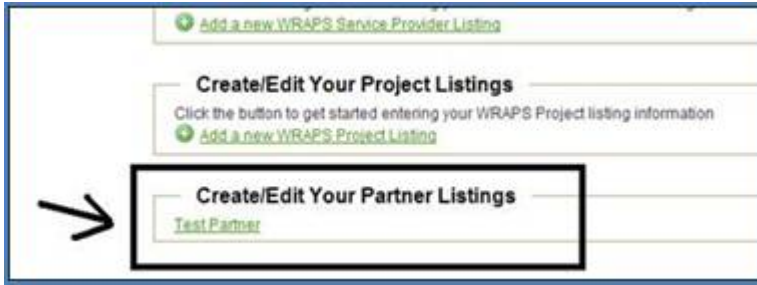

1. Read new WRAPS Partnership Terms of Agreement and sign. (Attached)
 - a. Print organizations name at the top of the agreement.
2. Visit www.kswraps.org
3. For those with active accounts, click on "MY ACCOUNT"
 - a. If you have forgot or lost your original login information, please contact Travis Sieve at tsieve@kdheks.gov for assistance.

*For those without an account, please register for an account by clicking "SIGN UP!" and continue with directions.

4. Select your partnership under "CREATE/EDIT YOUR PARTNER LISTINGS" or create a new partnership listing.

5. Enter/Update your information and choose "YES, I ACCEPT TERMS" at the bottom of the page

6. Click "SAVE" and email tsieve@kdheks.gov to verify submission. Send an originally signed copy of the Partnership Agreement to...
