

Required Information for BMP Entry In KCW System

If you have any specific questions regarding the information required for BMPs entry into the KCW, please contact your KDHE Project Officer.

Note: It is highly recommended to report the Cooperator / Landowner associated with each practice. This helps both the WRAPS project and KDHE to ensure that all practices are counted without duplication.

Cropland/Riparian

- Practice
- Landowner / Cooperator Name (if available) and/or KDHE Project No. (if multi-year grant)
- County
- HUC 12
- Date Installed
- Cost of practice broken down as follows:
 - Total Project Cost
 - Grant Contribution (319/WRAPS funds)
 - Landowner Contribution
 - Alternative Funding Source (if applicable) – ***need** to include the **AMOUNT** and **SOURCE** of this funding (i.e. NRCS, DOC, local municipality, etc.)
- Units Installed
- Contributing Acres

Livestock

- Practice
- Landowner / Cooperator Name (if available) and/or KDHE Project No. (if multi-year grant)
- County
- HUC 12
- Date Installed
- Cost of practice broken down as follows:
 - Total Project Cost
 - Grant Contribution (319/WRAPS funds)
 - Landowner Contribution
 - Alternative Funding Source (if applicable) – ***need** to include the **AMOUNT** and **SOURCE** of this funding (i.e. NRCS, DOC, local municipality, etc.)
- Units Installed
- Animal Units (Number and Type)

Required Information for BMP Entry In KCW System

Streambank

- Practice
- Landowner / Cooperator Name (if available) and/or KDHE Project No. (if multi-year grant)
- County
- HUC 12
- Date Installed
- Cost of practice broken down as follows:
 - Total Project Cost
 - Grant Contribution (319/WRAPS funds)
 - Landowner Contribution
 - Alternative Funding Source (if applicable) – ***need** to include the **AMOUNT** and **SOURCE** of this funding (i.e. NRCS, DOC, local municipality, etc.)
- Height of Bank (Bank 1, Bank 2, or both)
- Length of Bank (Bank 1, Bank 2, or both)
- Lateral Recession Rate (feet/year) (Bank 1, Bank 2, or both)

Additional Helpful Hints

- In the system BMPs can be reported at any time (once completed), they do not have to be reported in conjunction with a quarterly or semi-annual report.
- Do not enter BMPs that are 100% funded by the Division of Conservation (DOC) or NRCS. KDHE will be collecting that BMP data from another source. Only enter WRAPS/319 funded (wholly or in part) projects or projects from other funding sources (i.e. local City funds).
- When entering BMP information, use whole numbers **only**, do not use decimals.
- Please be sure to include the landowner name(s) whenever possible.
- When entering BMPs in a multi-year grant please first click on the appropriate 'BMP Form' for the grant year (there are now 'BMP Form' buttons for each year of your multi-year grant). Please continue to enter the BMPs using landowner name and the 8-digit grant/WRAPS Project number (Example: Jones, 2008-0012). This will help to ensure that the BMP and associated funding is reported for the correct grant.
- The BMP reports on the KCW system are cumulative. Be aware that if any BMPs were previously reported on the system for a specific project, they will show up on the BMP Report when entering newly installed practices.
